Canine General exam and vaccines			
General Exam			128.00
Rabies Vaccine			35.00
Canine Distemper Vaccine			35.00
Bordetella Vaccine			31.00
Leptospirosis Vaccine			35.00
Lyme Vaccine			42.00
Heartworm Test			80.00
Fecal Float			54.00
*Routine Senior Screening (CBC/Chem/UA)			267.00
Estimate	low end		707.00
	high end		813.05

* Routine blood work and urinalysis is recommended for Animals 6yr+ or if needing pre-anesthetic bloodwork

Feline General exam and vaccines			
General Exam			128.00
Rabies Vaccine			46.00
Feline Distemper combo Vaccine			35.00
Feline Leukemia Vaccine			42.00
**Feline leukemia/ immunodeficiency virus Snap test			116.00
Fecal Float			54.00
*Routine Senior Screening (CBC/Chem/UA/T4)			307.00
Estimate	low end		728.00
	high end		837.20

* Routine blood work and urinalysis is recommended for Animals 7yr+ or if needing pre-anesthetic bloodwork

**Recommended baseline for all cats and Annually for cats with outdoor exposure

Canine Routine Dental			
GP Prophy Canine			412.00
GP Canine Full mouth x-rays			288.00
Hospitalization			118.00
GP Anesthesia for prophy			456.00
Pre-anesthetic diagnostics *			200.00
Estimate	low end		1474.00
	high end		1695.10

*Routine diagnostics to include the minimum of a complete blood cell count and serum chemistry required prior to anesthesia. Diagnostics performed with annual exam can often serve to fill this requirement.

Feline Routine Dental			
GP Prophy Feline			297.00
GP Feline Full mouth x-rays			199.00
Hospitalization			77.00
GP Anesthesia for prophy			456.00
Pre-anesthetic diagnostics *			200.00
Estimate	low end		1229.00
	high end		1413.35

*Routine diagnostics to include the minimum of a complete blood cell count and serum chemistry required prior to anesthesia. Diagnostics performed with annual exam can often serve to fill this requirement.

Canine Neuter			
Pre-anesthetic diagnostics *			200.00
GP canine Neuter			136.00
GP canine Neuter Anesthesia			244.00
Hospitalization			118.00
post-op pain			40.00
Microchip**			108.00
Cone Collar			15.00
Estimate	low end		861.00
	high end		990.15

*Routine diagnostics to include the minimum of a complete blood cell count and serum chemistry required prior to anesthesia. Diagnostics performed with annual exam can often serve to fill this requirement.

Feline Neuter			
Pre-anesthetic diagnostics *			200.00
GP Feline Neuter			152.00
Feline Neuter Sedation			150.00
Hospitalization			79.00
post-op pain			40.00
Microchip**			108.00
Cone Collar			15.00
Estimate	low end		744.00
	high end		855.60

*Routine diagnostics to include the minimum of a PCV and HCT. Diagnostics performed with annual exam can often serve to fill this requirement.
